WELCOME MESSAGES

PAGE 1/2

IUGA PRESIDENT

Dear colleagues and friends,

It is with great pleasure that I welcome you to Vancouver, Canada to celebrate the 42nd Annual Meeting of the International Urogynecological Association.

This will undoubtedly be the premier urogynecological meeting of the year. In order to meet this goal, the program committee along with the help of the local organizing committee has structured a unique blend of stimulating science and varied social activities.

Our host, Geoff Cundiff (Local Organizing Committee Chair), along with his colleagues and the IUGA Program Committee led by Roy Ng, have included over 25 workshops, 10 mini state of the art lectures, 5 special lectures, and a surgery session. The IUGA Scientific Committee led by Fred Milani selected the best and most interesting abstracts from the hundreds submitted in order to formulate very enticing and stimulating scientific sessions.

The meeting is timely for all our members including surgeons, physical- and physio-therapists and specialist nurses. For example we are keenly aware of the recent controversies in the surgical management of incontinence and pelvic organ prolapse and the increase in pelvic floor trauma resulting from childbirth. Much of the data to be presented will provide updates as well as guidance for patient care.

Vancouver is a great tourism destination, there will be plenty for you and accompanying persons to do and see and I encourage you to spend a few extra days to appreciate the all that Vancouver has to offer.

Thank you all for joining us in Vancouver for the 42nd Annual Meeting; like last year it should be excellent.

Warmest Regards,

LYNSEY HAYWARD
IUGA PRESIDENT

WELCOME MESSAGES

LOCAL CHAIR

The 42nd Annual Meeting of the International Urogynecological Association takes place on June 21-24th in Vancouver, British Columbia, Canada.

Your flight landed at Vancouver Airport, recently named the best airport in the world. A short train or taxi ride delivered you to the heart of our dynamic city and Vancouver Convention Centre. The award winning Vancouver Convention Centre is nestled beside Coal Harbour with views of the beautiful North Shore Mountains. Vancouver is Canada's Pacific gem, a clean safe, and vibrant cosmopolitan city. Downtown Vancouver is a dynamic walking community. Nearby is Stanley Park, the largest metropolitan park after Central Park in New York city. And you will want to be out of doors given the temperate climate and 18 hour long days to enjoy it.

The meeting itself will provide the clinical and academic content that you have come to expect from IUGA. There will be a wide offering of workshops on timely topics to enhance your practice. A special surgical session in cadavers will offer surgical pearls on multiple approaches to repairing apical prolapse. Meet the experts for breakfast before the meeting. The latest scientific research will be interspersed with focused state of the art lectures. And we will feature panel discussions on preventing birth trauma and on the microbiome in pelvic floor medicine. There will also be a debate of estrogen versus laser therapy for genital atrophy syndrome and keynote lectures on mesh in prolapse surgery and the management of pelvic pain.

You will be torn between the offerings at the meeting and the desire to explore. Of course there will be plenty of opportunities to see Vancouver through the social events.

Alternatively, plan a few extra days to visit the Sunshine Coast, Whistler, or Victoria, which are all a short drive or ferry away. Or if you prefer take a floatplane to these destinations from right outside your hotel in Coal Harbour. There are also opportunities for whale watching, golf, kayaking, hiking, and mountain biking.

Thanks for joining us in Vancouver!

ABOUT IUGA

The International Urogynecological Association (IUGA) is a not-for-profit international professional medical organization with a defined mission, to “advance urogynecological knowledge around the world”. It was founded in 1975 and Axel Ingelman-Sundberg, as its first President, began a tradition of scientific integrity in the study of urogynecology that IUGA, with its rapidly growing membership, has continued to foster. The international base of the society includes representation from 70 countries, which allows for the prompt dissemination of new ideas throughout the world. New 90+ educational programs have included the IUGA eXchange, which has enabled experienced urogynecologists to share knowledge in countries and regions where there is little clinical expertise in the care of female pelvic floor disorders, and IUGA Regional Symposia designed as technical sessions held in regions of the world where Urogynecology is already represented. The organization has recently grown to nearly 3,000 members whose enthusiastic participation in IUGA Committees has contributed to the production of important IUGA sponsored documents.

MEETING INFORMATION

MEETING VENUE

Vancouver Convention Centre East Building
1055 Canada Pl
Vancouver, BC V6C 0C3
Canada

MEETING LANGUAGE

The official meeting language is English.

REGISTRATION AREA

All meeting materials and documentation will be available from the meeting registration desk.

Opening hours of the registration area:

Tuesday, June 20, 2017	07:00 a.m. - 07:30 p.m.
Wednesday, June 21, 2017	07:00 a.m. - 07:30 p.m.
Thursday, June 22, 2017	06:30 a.m. - 05:30 p.m.
Friday, June 23, 2017	06:30 a.m. - 05:30 p.m.
Saturday, June 24, 2017	06:30 a.m. - 01:00 p.m.

NAME BADGES

Badges must be worn at all times as this is your ticket to all sessions, including the welcome reception. Please note, if you have booked tickets for workshops, meet the experts breakfast, or social events, you will find this information on the back of your badge or in your envelop.

CME CERTIFICATE OF ATTENDANCE

All CME certificates of attendance will be available only after the meeting after completing the online survey which will be distributed by email after the meeting.

SPEAKER READY ROOM

The speaker ready room is located in East Meeting Room 10 on the first floor. Slides for the Thursday, Friday and Saturday sessions must be submitted to the staff in the speaker ready room at least 2 hours prior to the session. You can bring your Powerpoint slides on USB-key (should be in the ratio of 16:9). Also if you have already provided your presentation we kindly ask you to check your presentation in the speaker ready room at least 2 hours prior to the session.

Opening hours of the speaker ready room:

Tuesday, June 20, 2017	07:00 a.m. - 07:30 p.m.
Wednesday, June 21, 2017	07:00 a.m. - 07:30 p.m.
Thursday, June 22, 2017	06:30 a.m. - 05:30 p.m.
Friday, June 23, 2017	06:30 a.m. - 05:30 p.m.
Saturday, June 24, 2017	06:30 a.m. - 01:00 p.m.

EXHIBITION AREA

The technical exhibition will be organized in East Exhibition Hall B.

Opening hours of the exhibit area:

Wednesday, June 21, 2017	05:30 p.m. - 07:30 p.m.
Thursday, June 22, 2017	10:00 a.m. - 04:30 p.m.
Friday, June 23, 2017	10:00 a.m. - 04:30 p.m.

ABSTRACTS

All abstracts are available at www.iugameeting.org/full-program and in the meeting app.

MEETING INFORMATION

PAGE 2/2

E-POSTERS AND VIDEOS

In order to give all participants the opportunity to view all posters and videos without any hurry, all posters (moderated and non-moderated) will be displayed at digital poster stations in the exhibition area.

INTERNET ACCESS

Wireless Internet is available in all meeting rooms and the public areas, but not in the Exhibition Area.

Name: **IUGA2017**

Password: **Vancouver**

LOST AND FOUND

A lost and found service is available at the registration desk.

PROGRAM CHANGES

The organizers cannot assume liability for any changes in the meeting program due to external or unforeseen circumstances.

PHOTOGRAPHY

Please note there will be an official photographer at the Annual Meeting. Photographs taken during the meeting may be used in future IUGA publication. Please do not take photographs during scientific sessions.

INSURANCE AND LIABILITY

Participants are strongly advised to arrange their own travel-, health- and cancellation insurance in the unfortunate case of having to cancel the meeting participation and/or travel and/or hotel accommodation because of illness or other (personal) circumstances. Neither the IUGA, IUGA Executive Office, nor the Organizing Committee or any of their officers, agents, employees or representatives assume any liability whatsoever.

PRESENTATION INFORMATION ABSTRACTS

The 2017 Annual Meeting will feature six types of abstract presentations:

01. ORAL PODIUM (PAPER) PRESENTATIONS

Will be granted 7 minutes to present, followed by 3 minutes discussion.

02. ORAL POSTER PRESENTATIONS

Will be granted 4 minutes to present, followed by 2 minutes discussion. Presenters should also prepare a poster to be displayed digitally.

03. VIDEO PRESENTATIONS

Will be granted 8 minutes (maximum) to present, followed by 2 minutes discussion.

04. E-POSTER PRESENTATIONS (E-POSTERS)

Presenters will have 1 minute to present, followed by 2 minutes discussion and E-posters will be displayed digitally in the poster area.

05. E-POSTER NON-MODERATED

E-poster to be displayed digitally in the poster area.

06. VIDEO SALON

Are exhibited as un-moderated/non-discussed, to be displayed for the duration of the meeting in the same area as the E-Posters.

CME

SATISFACTORY COMPLETION

Participants must complete an attendance/evaluation form in order to receive a certificate of completion/attendance. Your chosen sessions must be attended in their entirety. Partial credit of individual sessions is not available.

PHYSICIAN

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Amedco and the International Urogynecological Association (IUGA). Amedco is accredited by the ACCME to provide continuing medical education for physicians.

Amedco designates this live activity for a maximum 16.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

INTERNATIONAL CME ACCREDITATION

The American Medical Association has determined that physicians not licensed in the US who participate in this CME activity are eligible for *AMA PRA Category 1 Credits™*.

ALREADY HAVE THE #IUGA2017 APP?

Don't forget to download the 42nd IUGA Annual Meeting mobile app on your iPhone, iPad, or Android!

Please follow the simple steps below in order to access additional networking features.

DOWNLOAD THE APP

Search **IUGA MEETINGS** in stores.

**If you are using a Blackberry or Windows device, access the app by entering <https://crowd.cc/iuga2017> in your device's mobile browser.*

DOWNLOAD THE EVENT

Open the app and tap on **42nd IUGA Annual Meeting**.

LOGIN

Tap the icon in the upper-left corner and tap Log In for more features! You'll be prompted to enter your registration code, which is included in your invitation email (please visit the registration desk if you haven't received an email). Enter it in the appropriate field, then enter either the email address where you received the invitation or your first and last name.

SOCIAL EVENTS

WELCOME RECEPTION

Location: East Exhibition Hall B

Wednesday, June 21, 2017, 05:30 p.m. - 07:30 pm

Included in your registration fee

Help us kick off the start of the 42nd Annual Meeting by attending the Welcome Reception! Enjoy light refreshments and food while catching up with colleagues, connecting with new friends and interacting with exhibitors and sponsors.

ANNUAL IUGA/FIUGA GALA DINNER AND DANCING

Pinnacle Hotel Harbourfront

Friday, June 23, 2017, 07:00 p.m. - midnight

USD 125.00 (USD 10.00 per ticket will be donated to FIUGA)

Do not miss the Annual FIUGA/IUGA Gala Dinner and Dancing. The ticket includes dinner and drinks till 10:00 p.m. After 10:00 p.m. there will be a cash bar and the event is open for all IUGA meeting attendees.

5K FUN RUN

Thursday, June 22, 2017

06:30 a.m. - 07:30 a.m.

*Register On-Site at the
Registration Desk*

 **USD 30.00**

Come and join us in raising money for our Foundation for International Urogynecological Assistance (FIUGA). FIUGA supports our fellowship program in Ghana. The Ghana project trains local specialists resulting in sustainable urogynaecological care for Ghanaian women.

FIUGA also supports observerships, research grants and eXchange programs to areas with limited urogynaecological training.

To learn more about FIUGA, visit www.fiuga.org.

Laparoscopic Sacral Hysteropexy

East Meeting Room 1-3

Moderators: Colin Birch (Canada) & David Quinlan (Canada)

Magnus Murphy (Canada)

01:00 p.m. - 06:00 p.m.

Vaginal Uterosacral Suspension

East Meeting Room 1-3

Moderators: Colin Birch (Canada) & David Quinlan (Canada)

John Gebhart (USA)

IBERO-AMERICAN MEETING

01:00 p.m. - 01:15 p.m.

Opening

East Meeting Room 12

Jorge M. Haddad (Brazil)

01:15 p.m. - 02:50 p.m.

Pelvic Floor Dysfunction Treatment – Where are we in:

East Meeting Room 12

Moderators: Teresa Mascarenhas (Portugal) & Marair Sartori (Brazil)

01:15 p.m. - 01:30 p.m.

Refractory Overactive Bladder

Jorge Garcia (Colombia)

01:30 p.m. - 01:45 p.m.

Painful Bladder Syndrome

Leonardo Bezerra (Brazil)

01:45 p.m. - 02:00 p.m.

Recurrent Urinary Infection

Susan Contreras (Paraguay)

02:00 p.m. - 02:15 p.m.

Laparoscopic Approach for Genital Prolapse

Carlos Rondini (Chile)

02:15 p.m. - 02:30 p.m.

Physiotherapy in Postoperative Dyspareunia

Maura Seleme (Brazil)

02:30 p.m. - 02:50 p.m.

Discussion

02:50 p.m. - 03:30 p.m.

Urogynecology Afecciones Guidelines from LATAM countries?

East Meeting Room 12

Discussion – Is it possible to establish LATAM Guidelines?

Jorge M. Haddad (Brazil), Rodrigo Aquino Castro (Brazil) & Enrique Ubertainzi (Argentina)

03:30 p.m. - 03:50 p.m.

Coffee Break

East Meeting Room 12

03:50 p.m. - 04:15 p.m.

Terminology IUGA/ICS - Translation into Spanish

East Meeting Room 12

Moderators: Jorge M. Haddad (Brazil) & Martha Medina (Peru)

03:50 p.m. - 04:05 p.m.

Javier Pizarro Berdichevsky (Chile)

04:05 p.m. - 04:15 p.m.

Discussion

04:15 p.m. - 04:40 p.m.

LATAM Database

East Meeting Room 12

Moderators: Maria Bortolini (Brazil) & Jorge M. Haddad (Brazil)

04:15 p.m. - 04:30 p.m.

Luiz Gustavo Brito (Brazil)

04:30 p.m. - 04:40 p.m.

Discussion

04:40 p.m. - 05:10 p.m.

Edited videos of different surgeries and follow up at least 6 months after the procedures - Miccional Dysfunction and Pudendal Pain

East Meeting Room 12

Moderators: Rodrigo Aquino Castro (Brazil) & Enrique Ubertazzi (Argentina)

04:40 p.m. - 04:48 p.m.

Vesical Extrophy and Genital Propalse Treatment

Hector Soderini (Argentina)

04:48 p.m. - 04:56 p.m.

Vesico-vaginal Fistula - Surgical Treatment

Jorge M. Haddad (Brazil)

04:56 p.m. - 05:04 p.m.

Pudendal Pain - Laparoscopic Treatment

Nucelio Lemos (Canada)

05:04 p.m. - 05:15 p.m.

Discussion

05:10 p.m. - 05:50 p.m.

Edited videos of different surgeries and follow up at least 6 months after the procedures - Genital Prolapse

East Meeting Room 12

Moderators: Zsuzsanna Jarmy-di-Bella (Brazil) & Javier Pizarro Berdichevsky (Chile)

05:15 p.m. - 05:22 p.m.

Laparoscopic Colposacropexy

Carlos Diaz (Colombia)

05:22 p.m. - 05:30 p.m.

Vaginal Sling for Apical and Anterior Prolapse

Enrique Ubertazzi (Argentina)

05:30 p.m. - 05:38 p.m.

Laparoscopic Hysteropexy

Carlos Rondini (Chile)

05:38 p.m. - 05:50 p.m.

Discussion

05:50 p.m. - 06:00 p.m.

Closing and Remarks

East Meeting Room 12

Moderator: Jorge M. Haddad (Brazil)

PAN-ASIAN MEETING

01:00 p.m. - 01:05 p.m.

Opening Address by Organizing Chair

East Meeting Room 11

Tsia-Shu Lo (Taiwan)

01:05 p.m. - 01:20 p.m.

Welcome Address by the President of IUGA

East Meeting Room 11

Lynsey Hayward (New Zealand)

01:20 p.m. - 03:30 p.m.

Overview of Surgical Trends on POP in Asia

East Meeting Room 11

SIG MEETINGS

06:00 p.m. - 07:30 p.m.

Cosmetic Urogynecology Special Interest Group (SIG)

Meeting

📍 East Meeting Room 14

👤 Moderators: Robert Moore (USA) & Jack Pardo (Chile)

Welcoming: Cosmetic Gynecology World Overview

👤 Jack Pardo (Chile)

Development of Aesthetic Gynecology in Russia

👤 Inna Apolikhina (Russia)

Genital Cosmetic Laser Procedure

👤 Samantha Condé (Brazil)

Intraurethral Laser in Treatment of USI

👤 Adrian Gaspar (Argentina)

What we have reached and performed in Fatmawati General Hospital-Indonesia

👤 Fadli Amran (Indonesia) & Shirley Anggraini (Indonesia)

My practice as urogynecologist when I add Cosmetic Gynecology

👤 Oseka Onuma (Australia)

Discussion

Election of New Board

06:00 p.m. - 07:30 p.m.

Laparoscopic Surgery Special Interest Group (SIG)

Meeting

📍 East Meeting Room 11

👤 Moderators: Bruno Deval (France) & Robert Moore (USA)

How do we prevent re and post operative morbidity during LSC and LS?

👤 Chris Maher (Australia)

How do we realize a laparoscopic low anterior ventral rectopexy? (Video)

👤 Abdalla Fayyad (United Kingdom)

How do we realize a laparoscopic hysteropexy? (Video)

👤 Salma I. Kayani (United Kingdom)

How do we realize a laparoscopic sacral colpexy? (Video)

👤 Marie Paraiso (USA)

How do we manage pre operative injuries during LSC and LHC? (Video)

👤 Kazuaki Yoshimura (Japan)

How do we realize a laparoscopic treatment of an anterior prolapse? (Video)

👤 Christian Phillips (United Kingdom)

How do we realize a laparoscopic treatment of a posterior prolapse? (Video)

👤 Jorge M. Haddad (Brazil) & Leonardo Bezerra (Brazil)

How do we realize an hysterectomy during laparoscopy sacral-hysteropexy? (Video)

👤 Stephen Jeffery (South Africa)

Alternative technics to LSC and LHS

How do we realize laparoscopic native tissue repair for pelvic organ prolaps? (Video)

Albert De Decker (New Zealand)

How do we realize laparoscopic pectopexy? (Video)

Gunther Noé (Germany)

How do we realize Kapandji or Duboisson technic? (Video)

Nikolaus Veit-Rubin (Austria)

Conclusion

Robert Moore (USA)

06:00 p.m. - 07:30 p.m.

Neuro-Urogynecology and Urogenital Pain Special Interest Group (SIG) Meeting

East Meeting Room 12

Moderator: Sohier Elneil (United Kingdom)

Apologies

Sohier Elneil (United Kingdom)

Review of Minutes IUGA 2016

Neuromodulation - Presentation: Update of Neuromodulation in UG

Kevin Benson (USA) & Ian Tucker (Australia)

Chronic Pelvic Pain - Presentation: Update of Chronic Pelvic Pain in UG

Obstetric Pelvic Floor Trauma Special Interest Group (SIG) Meeting

East Meeting Room 9

Moderator: Katariina Laine (Norway)

Welcome

Katariina Laine (Norway)

Introduction of the attending members

Discussions - Main goals for the group and priority of the activities

The International Consensus on Peripartum Perineal Care Communication with relevant associations.

There are many groups and associations managing women's health, and we should establish contact with these; FIGO, WHO, IUGA, ICM, RCOG, RCM, ACOG?

Create/develop and publish a suggestion for a standardization, recommendation or a guideline.

Many guidelines already exist, most national associations have one. In stead of a new guideline, an expert statement based on existing evidence was suggested. We suggest President Freeman to contact FIGO - Intra- and postpartum care.

Title for a publication: The International Consensus on Peripartum Perineal Care.

Challenges with differing national recommendations

06:00 p.m. - 07:30 p.m.

Nursing Special Interest Group (SIG) Founding Meeting

East Meeting Room 15

SCHEDULE AT A GLANCE

	Location	Page
08:00 a.m. - 12:00 p.m. - Workshops		
WS#1 – Hands-On Workshop on Diagnosis and Repair of 3rd /4th Degree Obstetric Tears	East Meeting Room 3	28
WS#2 – Laparoscopic Sacrocolpopexy: Hands-on Training by the Experts	East Meeting Room 12	28
WS#3 – Perineal Trauma: Prevention, Evaluation, Education and Repair of Obstetric Perineal Trauma	East Meeting Room 9	28
WS#4 – Abdominal and Pelvic Pain Syndromes: Will we ever find a solution?	East Meeting Room 13	28
WS#5 – Comprehensive Pelvic Floor Ultrasonography: Transperineal, Endovaginal, Endoanal Imaging	East Meeting Room 1	28
WS#6 – Cosmetic Gynecology for The Urogynecologist	East Meeting Room 8	29
WS#7 – Recent Advances in Regenerative Medicine in Pelvic Floor	East Meeting Room 15	29
WS#8 – Interactive Workshop on Complications in Urogynaecological Surgery- Practical and Training Perspectives	East Meeting Room 16	29
WS#9 – Advanced Urodynamic Assessment	East Meeting Room 17	29
WS#10 – Accidental Bowel Leakage: From Delivery Room to the Nursing Home, a Case-Based Treatment Guide	East Meeting Room 11	30
WS#11 – Optimising Outcomes from Surgical Management of the Older Patient with Frailty/Multimorbidity	East Meeting Room 19	30
WS#12 – Surgical Anatomy of the Female Pelvis & How it Relates to Pelvic Reconstructive Surgery	East Meeting Room 18	30
WS#13 – Interdisciplinary Treatment of Pelvic Floor Muscle Spasm Pain: A Medical and Physical Therapy Perspective	East Meeting Room 2	30
01:00 p.m. - 03:00 p.m. - Workshops		
WS#24 – Practical Aspects of Managing and Preventing Urinary Tract Infections	East Meeting Room 16	31
WS#25 – Interdisciplinary Management of Women with Provoked Vestibulodynia	East Meeting Room 17	31
WS#26 – To Mesh or ot to Mesh: Vaginal Surgery for Apical Prolapse	East Meeting Room 19	31

SCHEDULE AT A GLANCE

PAGE 2/2

	Location	Page
01:00 p.m. - 05:00 p.m. - Workshops		
WS#14 – Laparoscopic Sacrocolpopexy: Hands-on Training by the Experts	East Meeting Room 12	31

PROTECT – Train the Trainer Program	East Meeting Room 3	34
03:30 p.m. - 05:30 p.m. - Workshops		
WS#27 – Vaginal Pessaries: Modern Re-Emergence for Pelvic Organ Prolapse and Urinary Incontinence	East Meeting Room 14	34
WS#29 – Vaginal Apical Support Procedures (Native Tissue) -Surgical Technique	East Meeting Room 16	34
WS#30 – Better Results of Anti-incontinence Surgery – How to use Introital Pelvic Floor Ultrasound Transvaginal Probe	East Meeting Room 17	34
05:30 p.m. - 07:30 p.m. Welcome Reception	East Exhibition Hall B	34

WORKSHOPS - MORNING

08:00 a.m. - 12:00 p.m.

WS#1 – Hands-On Workshop on Diagnosis and Repair of 3rd /4th Degree Obstetric Tears

📍 Location: East Meeting Room 3

👤 Co-Chairs: Abdul Sultan (United Kingdom) & Raneer Thakar (United Kingdom)

Hands-On

👤 Faculty: Aswini Balachandran (United Kingdom) & Farah Lone (United Kingdom)

At the conclusion of this workshop, the participant will be able to:

- » Understand the anatomy and physiology of the anal sphincter
- » Learn how to identify, repair and manage primary obstetric anal sphincter injuries (OASIS)
- » Learn the technique and interpretation of endoanal ultrasound

08:00 a.m. - 12:00 p.m.

WS#2 – Laparoscopic Sacrocolpopexy: Hands-on Training by the Experts

📍 Location: East Meeting Room 12

👤 Co-Chairs: Stephen Jeffery (South Africa) & Robert Moore (USA)

Hands-On

👤 Faculty: Geoffrey Cundiff (Canada), Bruno Deval (France), John Miklos (USA) & Christian Phillips (United Kingdom)

At the conclusion of this workshop, the participant will be able to:

- » Understand surgical anatomy of laparoscopic sacrocolpopexy to enhance a safe technique and avoid complications
- » Have a detailed knowledge of the technique as detailed by the expert faculty
- » Learn how to complete LSC safely and efficiently.

08:00 a.m. - 12:00 p.m.

WS#3 – Perineal Trauma: Prevention, Evaluation, Education and Repair of Obstetric Perineal Trauma

📍 Location: East Meeting Room 9

👤 Co-Chairs: Vladimir Kalis (Czech Republic) & Katariina Laine (Norway)

Hands-On

👤 Faculty: Jan Willem de Leeuw (The Netherlands) & Renaud de Tayrac (France)

At the conclusion of this workshop, the participant will be able to:

- » Execute manual perineal protection effectively
- » Know whether or not to perform episiotomy and which way
- » Perform transperineal ultrasound and diagnose anal sphincter and its trauma

08:00 a.m. - 12:00 p.m.

WS#4 – Abdominal and Pelvic Pain Syndromes: Will we ever find a solution?

📍 Location: East Meeting Room 13

👤 Co-Chairs: Vani Dandolu (USA), Alex Digesu (United Kingdom) & Keng Jin Ng (United Kingdom)

Interactive Seminar

👤 Faculty: Maura Seleme (Brazil)

At the conclusion of this workshop, the participant will be able to:

- » Understand the concept of pain mechanisms
- » Comprehend the classification of pain syndromes
- » Evaluate the evidence for chronic pain therapies

08:00 a.m. - 12:00 p.m.

WS#5 – Comprehensive Pelvic Floor Ultrasonography: Transperineal, Endovaginal, Endoanal Imaging

📍 Location: East Meeting Room 1

👤 Chair: S. Abbas Shobeiri (USA)

Hands-On

👤 Faculty: Aparna Hegde (India), Lieschen H. Quiroz (USA) & Andrea C. Santiago (Philippines)

At the conclusion of this workshop, the participant will be able to:

- » Understand how to perform 2D transperineal, 3D endovaginal and 3D endoanal ultrasound
- » Understand how to interpret 2D transperineal, 3D endovaginal and 3D endoanal ultrasound
- » Understand how to use the desktop 3D software to obtain basic measurements

08:00 a.m. - 12:00 p.m.

WS#6 – Cosmetic Gynecology for The Urogynecologist

Location: East Meeting Room 8

Co-Chairs: Robert Moore (USA) & Jack Pardo (Chile)

Interactive Seminar

Faculty: Oscar Aguirre (USA), Adrian Gaspar (Argentina) & John Miklos (USA)

At the conclusion of this workshop, the participant will be able to:

- » Understand the importance of Cosmetic Gynecology in a modern urogynecological practice
- » Learn different procedures and surgeries in cosmetic surgery
- » Combine a surgical cosmetic procedure in a urogynecological surgery.

08:00 a.m. - 12:00 p.m.

WS#7 – Recent Advances in Regenerative Medicine in Pelvic Floor

Location: East Meeting Room 15

Chair: Harold Drutz (Canada)

Interactive Seminar

Faculty: May Alarab (Canada), Margot Damaser (USA), Mark Kibschull (Canada) & Oksana Shynlova (Canada)

At the conclusion of this workshop, the participant will be able to:

- » Share a current view on molecular mechanisms of Pelvic Organ Prolapse development
- » Expand their knowledge about stem cell properties, methods of isolation/propagation, and potentially their worldwide applications in the areas of urogynecology.

- » Learn the existing animal models to examine the effectiveness of SCs for treatment of SUI and POP

08:00 a.m. - 12:00 p.m.

WS#8 – Interactive Workshop on Complications in Urogynaecological Surgery- Practical and Training Perspectives

Location: East Meeting Room 16

Co-Chairs: Peter Dwyer (Australia) & Anna Rosamilia (Australia)

Interactive Seminar

Faculty: Alison De Souza (Australia), Yik Lim (Australia) & Lore Schierlitz (Australia)

At the conclusion of this workshop, the participant will be able to:

- » Understand the anatomical principles for pelvic floor surgery and its complications
- » Learn how to develop safer techniques in pelvic floor surgery
- » Learn practical aspects of managing surgical complications

08:00 a.m. - 12:00 p.m.

WS#9 – Advanced Urodynamic Assessment

Location: East Meeting Room 17

Chair: Swati Jha (United Kingdom)

Interactive Seminar

Faculty: Dudley Robinson (United Kingdom) & Philip Toozs-Hobson (United Kingdom)

At the conclusion of this workshop, the participant will be able to:

- » Understand the principles and physics of urodynamics assessment, and the terminology used in this field.
- » Learn how to write an urodynamics report and some of the pitfalls of interpretation (artefacts).
- » Understand techniques through case-based discussions

08:00 a.m. - 12:00 p.m.

WS#10 – Accidental Bowel Leakage: From Delivery Room to the Nursing Home, a Case-Based Treatment Guide

Location: East Meeting Room 11

Chair: Catherine Matthews (USA)

Interactive Seminar

Faculty: Kimberly Kenton (USA) & Tristi Muir (USA)

At the conclusion of this workshop, the participant will be able to:

- » Identify common risk factors for accidental bowel leakage
- » Demonstrate familiarity with an evidence-based algorithm for fecal incontinence management
- » Appropriately manage complications of obstetric anal sphincter laceration repair

08:00 a.m. - 12:00 p.m.

WS#11 – Optimising Outcomes from Surgical Management of the Older Patient with Frailty/Multimorbidity

Location: East Meeting Room 19

Chair: Adrian Wagg (Canada)

Interactive Seminar

Faculty: William Gibson (Canada) & Kathleen Hunter (Canada)

At the conclusion of this workshop, the participant will be able to:

- » Identify and screen for physical and cognitive frailty in older persons
- » Identify co-existing conditions which might be amenable to pre-operative intervention to achieve best outcomes following surgical treatments for lower urinary tract and pelvic floor dysfunction in frail older women
- » Identify and implement post operative interventions designed to improve outcomes from surgical intervention for lower urinary tract and pelvic floor dysfunction in women

08:00 a.m. - 12:00 p.m.

WS#12 – Surgical Anatomy of the Female Pelvis & How it Relates to Pelvic Reconstructive Surgery

Location: East Meeting Room 18

Co-Chairs: Thomas Aigmueller (Austria) & Wolfgang Umek (Austria)

Hands-On

Faculty: Engelbert Hanzal (Austria), Marianne Koch (Austria) & Daniela Ulrich (Austria)

At the conclusion of this workshop, the participant will be able to:

- » Understand the topographic anatomy of the female pelvis
- » Identify specific landmarks for vaginal reconstructive pelvic floor surgery
- » Apply the anatomic knowledge to vaginal surgical procedures like vaginal hysterectomy, colporrhaphy, sacrospinous ligament fixation, culdoplasty, high-uterosacral-ligament-fixation

08:00 a.m. - 12:00 p.m.

WS#13 – Interdisciplinary Treatment of Pelvic Floor Muscle Spasm Pain: A Medical and Physical Therapy Perspective

Location: East Meeting Room 2

Chair: Carina Siracusa (USA)

Interactive Seminar

Faculty: Roxana Geoffrion (Canada)

At the conclusion of this workshop, the participant will be able to:

- » Learn the pelvic examination for pain from a pelvic physio perspective
- » Understand simple activities, stretching exercises, and lifestyle recommendations that may benefit the patient with pelvic pain
- » Understand medical therapies for pelvic floor muscle spasm

WORKSHOPS - AFTERNOON

01:00 p.m. - 03:00 p.m.

WS#24 – Practical Aspects of Managing and Preventing Urinary Tract Infections

Location: East Meeting Room 16

Chair: Kevin Carlson (Canada)

Interactive Seminar

Faculty: Richard Baverstock (Canada), Duane Hickling (Canada) & Blayne Welk (Canada)

At the conclusion of this workshop, the participant will be able to:

- » Develop an evidence- and best practice-based approach to the prevention of UTI's in pre-menopausal women.
- » Appropriately diagnose and treat UTI's in select challenging patients.
- » Develop strategies for the management and prevention of catheter-associated UTI's.

01:00 p.m. - 03:00 p.m.

WS#25 – Interdisciplinary Management of Women with Provoked Vestibulodynia

Location: East Meeting Room 17

Chair: Claudia Brown (Canada)

Interactive Seminar

Faculty: Rami Nijar (Canada), Marie-Josée Lord (Canada) & Leslie Sadownik (Canada)

At the conclusion of this workshop, the participant will be able to:

- » Define provoked vestibulodynia and identify the presentation and symptomatology inherent in this common form of dyspareunia
- » Understand the medical, psychological and physiotherapeutic aspects of a comprehensive biopsychosocial approach to provoked vestibulodynia
- » Recognize the value of the interdisciplinary approach in the management of genito-pelvic pain/penetration disorders

01:00 p.m. - 03:00 p.m.

WS#26 – To Mesh or not to Mesh: Vaginal Surgery for Apical Prolapse

Location: East Meeting Room 19

Co-Chairs: Roxana Geoffrion (Canada) & Maryse Larouche (Canada)

Interactive Seminar

At the conclusion of this workshop, the participant will be able to:

- » Understand evidence behind vaginal mesh kits and self-tailored mesh currently in use for the treatment of apical prolapse
- » Understand vaginal surgical reconstructive approaches using sutures for the treatment of apical prolapse
- » Understand the role of various surgeries in cases of recurrent pelvic apical prolapse

01:00 p.m. - 05:00 p.m.

WS#14 – Laparoscopic Sacrocolpopexy: Hands-on Training by the Experts

Location: East Meeting Room 12

Co-Chairs: Stephen Jeffery (South Africa) & Robert Moore (USA)

Hands-On

Faculty: Geoffrey Cundiff (Canada), Bruno Deval (France), John Miklos (USA) & Christian Phillips (United Kingdom)

At the conclusion of this workshop, the participant will be able to:

- » Understand surgical anatomy of laparoscopic sacrocolpopexy to enhance a safe technique and avoid complications
- » Have a detailed knowledge of the technique as detailed by the expert faculty
- » Learn understand how to complete LSC safely and efficiently.

01:00 p.m. - 05:00 p.m.

WS#15 – Educational Clay Workshop for Pelvic Anatomy

Location: East Meeting Room 9

Chair: Deborah Myers (USA)

Hands-On

Faculty: Vivian Aguilar (USA), Oliver Daly (Australia), Holly Richter (USA), Rebecca Rogers (USA), Vivian Sung (USA) & Blair Washington (USA)

At the conclusion of this workshop, the participant will be able to:

- » Describe the bony landmarks and musculature of pelvis
- » Describe the pertinent ligaments of the pelvis used in reconstructive surgery
- » Describe the path and function of the sciatic, obturator, and pudendal nerve

01:00 p.m. - 05:00 p.m.

WS#16 – The Overactive Pelvic Floor

Location: East Meeting Room 13

Chair: Anna Padoa (Israel)

Interactive Seminar

Faculty: Debbie Cohen (USA), Linda McLean (Canada), Amy Stein (USA) & Carolyn Vandyken (Canada)

At the conclusion of this workshop, the participant will be able to:

- » Understand the definition, etiology and pathophysiology of non-relaxing pelvic floor muscle tone
- » Manage evaluation of patients with OPF with a multidisciplinary approach
- » Plan a treatment strategy for pelvic floor overactivity and common related urogynecologic conditions

01:00 p.m. - 05:00 p.m.

WS#17 – Pelvic Floor Ultrasound Imaging

Location: East Meeting Room 1

Co-Chairs: Hans Peter Dietz (Australia) & Ka Lai Shek (Australia)

Interactive Seminar

Faculty: Kamil Svabik (Czech Republic) & Vivien Wong (Australia)

At the conclusion of this workshop, the participant will be able to:

- » Understand the basic methodology and clinical uses of pelvic floor ultrasound imaging, both 2D and 3D/4D ultrasound technology
- » Assess pelvic floor trauma, in particular levator ani trauma and anal sphincter tears
- » Use ultrasound imaging in the investigation and treatment of pelvic organ prolapse

01:00 p.m. - 05:00 p.m.

WS#18 – Innovative Pelvic Floor Rehabilitation:

‘Peripartum women knocking’ the Door-to-Door concept

Location: East Meeting Room 2

Chair: Bary Berghmans (The Netherlands)

Interactive Seminar

Faculty: Alex Digesu (United Kingdom), Hege Holmo Johannessen (Norway), Barry O’Reilly (Ireland), Maura Seleme (Brazil) & Steven Swift (USA)

At the conclusion of this workshop, the participant will be able to:

- » Understand the significance and structure of the different health care providers’ (medical doctors, pelvic physiotherapists, midwives) assessment like history-taking, exam, classification, analysis & evaluation of the pelvic floor in antenatal and post-partum women
- » Discuss and understand the level of evidence for the need of prevention and treatment of pelvic floor dysfunctions in peripartum women
- » Discuss and understand the influence of vaginal delivery on development of pelvic floor dysfunctions in peripartum women

01:00 p.m. - 05:00 p.m.

WS#19 – Vaginal Laser Applications in Urogynecology

Location: East Meeting Room 8

Chair: Menachem Alcalay (Israel)

Interactive Seminar

Faculty: Ivan Fistonic (Croatia), Stefano Salvatore (Italy) & Giuseppe Scibilia (Italy)

At the conclusion of this workshop, the participant will be able to:

- » Understand the physics and biology of vaginal laser applications
- » Understand the possible clinical indications for vaginal laser treatments
- » Understand different protocol regimes and the needed future research

01:00 p.m. - 05:00 p.m.

WS#20 – Research & Development: A Workshop for Early Career Researchers

Location: East Meeting Room 6

Chair: Kaven Baessler (Germany)

Interactive Seminar

Faculty: Wael Agur (United Kingdom), Tony Bazi (Lebanon), Debjyoti Karmakar (Australia) & Veronica Mallett (USA)

At the conclusion of this workshop, the participant will be able to:

- » Develop an appropriate study design for a research questions
- » Select relevant and appropriate outcome measures
- » Perform a sample size estimation and appropriate statistical tests

01:00 p.m. - 05:00 p.m.

WS#21 – Complications of SUI and POP Surgery: Prevention and Management—A Review from Both Urology and Gynecology

Location: East Meeting Room 11

Chair: Howard Goldman (USA)

Interactive Seminar

Faculty: Catherine Matthews (USA), Javier Pizarro Berdichevsky (Chile) & Sandip Vasavada (USA)

At the conclusion of this workshop, the participant will be able to:

- » Summarize the symptoms and presenting scenarios for common and uncommon complications of urinary incontinence and pelvic prolapse surgery
- » Describe the appropriate work-up and evaluation of these complications
- » Delineate and describe the appropriate choices for intervention for these complications

01:00 p.m. - 05:00 p.m.

WS#22 – The Management of Refractory OAB

Location: East Meeting Room 18

Chair: Linda Cardozo (United Kingdom)

Interactive Seminar

Faculty: Alex Digesu (United Kingdom), Howard Goldman (USA), Angela Rantell (United Kingdom), Dudley Robinson (United Kingdom), Stefano Salvatore (Italy), Philip Toozs-Hobson (United Kingdom) & Ian Tucker (Australia)

01:00 p.m. - 05:00 p.m.

WS#31 - Hands on Urodynamic Course

Location: East Meeting Room 15

Chair: Timothy McKinney (USA)

Hands-On

Faculty: G. Willy Davila (USA), Mikel Gray (USA), Peter Sand (USA) & Lynn Stothers (Canada)

At the conclusion of this workshop, the participant will be able to:

- » Perform a thorough and quality urodynamic test
- » Read and interpret the urodynamic tracing
- » Troubleshoot problems commonly encountered during urodynamics

01:00 p.m. - 05:00 p.m.

PROTECT – Train the Trainer Program

Prerequisites are required to attend / Registration is closed

📍 *Location: East Meeting Room 3*

👤 *Co-Chairs: Abdul Sultan (United Kingdom) & Ranee Thakar (United Kingdom)*

👤 *Faculty: Jan Willem de Leeuw (The Netherlands) & Farah Lone (United Kingdom)*

03:30 p.m. - 05:30 p.m.

WS#27 – Vaginal Pessaries: Modern Re-Emergence for Pelvic Organ Prolapse and Urinary Incontinence

📍 *Location: East Meeting Room 14*

👤 *Co-Chairs: Magali Robert (Canada) & Grace Neustaedter (Canada)*

Interactive Seminar

👤 *Faculty: Christine Johnson (Canada)*

At the conclusion of this workshop, the participant will be able to:

- » Understand how pessaries can be used to effectively treat pelvic organ prolapse (POP) and types of urinary incontinence (UI).
- » Assess and fit women with pessaries and manage the follow up including arising common problems.
- » Address more common issues pertaining to pessary use and organization of practice

03:30 p.m. - 05:30 p.m.

WS#29 – Vaginal Apical Support Procedures (Native Tissue) -Surgical Technique

📍 *Location: East Meeting Room 16*

👤 *Co-Chairs: Geoffrey Cundiff (Canada) & David Quinlan (Canada)*

Interactive Seminar

👤 *Faculty: Mark Slack (United Kingdom) & Kobus van Rensburg (South Africa)*

At the conclusion of this workshop, the participant will be able to:

- » Understand surgical options and outcome of vaginal

apical support procedures

- » Understand surgical anatomy and techniques of vaginal apical support procedures
- » Recognize and manage surgical complications

03:30 p.m. - 05:30 p.m.

WS#30 – Better Results of Anti-incontinence Surgery – How to use Introital Pelvic Floor Ultrasound Transvaginal Probe

📍 *Location: East Meeting Room 17*

👤 *Chair: Grzegorz Surkont (Poland)*

Interactive Seminar

👤 *Faculty: Andrzej Kuszka (Germany)*

At the conclusion of this workshop, the participant will be able to:

- » Optimize selection of patient and anti-incontinence procedures
- » Improve surgical techniques
- » Practice adequate management of perioperative problems

EVENING

05:30 p.m. - 07:30 p.m.

Welcome Reception

📍 *Location: East Exhibition Hall B*

SCHEDULE AT A GLANCE

Chicago Stritch SOM, Maywood, IL, ³RTI Intl., Research Triangle Park, NC, ⁴Duke Univ., Durham, NC, ⁵Univ. of Alabama at Birmingham, Birmingham, AL, ⁶Kaiser, San Diego, CA, ⁷Obstetrics and Gynecology, Univ. of Utah, Salt Lake City, UT, ⁸UT Southwestern, Dallas, TX, ⁹NIH, Bethesda, MD, ¹⁰Cleveland Clinic, Cleveland, OH.

002

RISK FACTORS FOR PROLAPSE RECURRENCE- SYSTEMATIC REVIEW AND META-ANALYSIS

T. FRIEDMAN, G. D. ESLICK, H. DIETZ;

Sydney Med. Sch. Nepean, Sydney, Australia.

003

THE MANCHESTER-FOTHERGILL PROCEDURE VERSUS VAGINAL HYSTERECTOMY IN THE TREATMENT OF UTERINE PROLAPSE: A MATCHED COHORT STUDY

C. KROGSGAARD TOLSTRUP¹, K. HUSBY¹, G. LOSE¹, T. I. KOPP², P. HALL VIBORG², U. S. KESMODEL¹, N. KLARSKOV¹;

¹Department of Obstetrics and Gynecology, Herlev & Gentofte Univ. Hosp., Herlev, Denmark, ²Research Centre for Prevention and Health, Capital Region of Denmark, Glostrup, Denmark.

004

TEMPORAL TRENDS IN PELVIC ORGAN PROLAPSE SURGERY IN CANADA

S. LISONKOVA¹, Q. WEN², M. SANAAE¹, G. M. MURACA¹, R. GEOFFRION³, M. LAROUCHE⁴, G. W. CUNDIFF¹;

¹Obstetrics and Gynaecology, Univ. of British Columbia, Vancouver, Canada, ²Langara Coll., Vancouver, Canada, ³Univ. of British Columbia, Vancouver, Canada, ⁴Obstetrics and Gynaecology, McGill Univ., Montreal, Canada.

032

RECTOPEXY IN COMBINATION WITH A SACROCOLPOPEXY: RESULTS FROM A RANDOMIZED CONTROLLED TRIAL

E. W. HENN¹, D. A. BURGER²;

¹Dept. Obstetrics & Gynaecology, Bloemfontein, South Africa, ²Univ. of Pretoria, Pretoria, South Africa.

09:30 a.m. - 10:00 a.m.

Presidential Address

Location: East Exhibition Hall A

Moderators: Peter Dwyer (Australia) & Roxana Geoffrion (Canada)

Lynsey Hayward (New Zealand)

10:00 a.m. - 10:30 a.m.

Ulf Ulmsten Lecture

Location: East Exhibition Hall A

Moderators: Geoffrey Cundiff (Canada) & Lynsey Hayward (New Zealand)

Physiotherapy for Pelvic Pain and Sexual Dysfunction, an Untapped Resource?

Bary Berghmans (The Netherlands)

10:30 a.m. - 11:00 a.m.

Coffee Break

Location: East Exhibition Hall B

11:00 a.m. - 12:30 p.m.

Podium Session 2 - Pregnancy and Childbirth

Location: East Exhibition Hall A

Moderators: Bob Freeman (United Kingdom) & Raneek Thakar (United Kingdom)

005

OBSTETRIC TRAUMA ASSOCIATED WITH OPERATIVE VAGINAL DELIVERY, BY PELVIC STATION, COMPARED WITH CESAREAN DELIVERY IN THE SECOND STAGE OF LABOUR

G. M. MURACA¹, Y. SABR², S. LISONKOVA¹, A. SKOLL¹, G. W. CUNDIFF¹, K. JOSEPH¹;

¹Univ. of British Columbia, Vancouver, Canada, ²King Saud Univ., Riyadh, Saudi Arabia.

006

IMPLEMENTATION OF A PERINEAL SUPPORT PROGRAM FOR REDUCTION OF OASIS: FIRST RESULTS AND PITFALLS

J. W. DE LEEUW¹, N. KALJOUW², L. DE MEUTTER¹, H. BREMER², H. VAN DONGEN², A. L. MILANI²;

DOES AGE AFFECT THE EFFICACY OF MIRABEGRON IN WOMEN WITH OVERACTIVE BLADDER SYMPTOMS?

A. KHALIL¹, A. BALACHANDRAN², N. L. CURTISS³, J. DUCKETT⁴, M. BASU¹;

¹Medway NHS Fndn. Trust, Gillingham, United Kingdom, ²Medway Maritime Hosp., Kent, United Kingdom, ³London, Dover, United Kingdom, ⁴Medway NHS Fndn. trust, Gillingham, United Kingdom.

01:00 p.m. - 01:30 p.m.

E-Poster Session 3 - Epidemiology

Location: East Exhibition Hall B

Moderators: Kim van Delft (The Netherlands) & Engelbert Hanzal (Austria)

219

A COMMUNITY-BASED EPIDEMIOLOGICAL SURVEY OF LOWER URINARY TRACT SYMPTOMS IN TAIWANESE RESIDENTS AGED 40 YEARS AND ABOVE

S. NG, G. CHEN;

Department of Obstetrics and Gynecology, Chung Shan Med. Univ. Hosp., Taichung, Taiwan.

220

EVALUATION OF ORAL PATIENT INFORMATION VERSUS WRITTEN DOCUMENTS

S. HOUSMANS¹, E. WERBROUCK¹, R. VANSPAUWEN², E. DE CUYPER³, S. GHESQUIERE⁴, G. STUYVEN⁵, A. P. DE DECKER⁶, S. WEYERS⁷, J. A. DEPREST¹;

¹UZ Leuven, Leuven, Belgium, ²AZ Turnhout, Turnhout, Belgium, ³ZOL Genk, Genk, Belgium, ⁴AZ Groeninge, Kortrijk, Belgium, ⁵AZ Herentals, Herentals, Belgium, ⁶European Hosp.s brussels, Brussels, Belgium, ⁷UZ Gent, Gent, Belgium.

221

SOCIOECONOMIC INFERIORITY INTERFERES WITH QUALITY OF LIFE IN PELVIC FLOOR DYSFUNCTION

A. B. ROCHA¹, I. FROTA², C. VASCONCELOS³, J. VASCONCELOS NETO⁴, S. A. KARBAGE⁵, K. L. AUGUSTO⁶, A. P. BILHAR⁷, T. F. MAGALHAES⁸, J. M. HADDAD⁹, L. S. BEZERRA¹⁰;

¹Univ.e de São Paulo, Fortaleza, Brazil, ²Hosp. geral de Fortaleza, Fortaleza, ³Univ.e Federal do Ceará, Fortaleza, Brazil, ⁴Hosp. Geral de Fortaleza, Fortaleza, Brazil, ⁵Univ.e Federal do Ceará, Fortaleza - Ceara, Brazil, ⁶Laparoscopy and Minimally invasive surgery, Maternidade Escola Assis Chateaubriand, Fortaleza, Brazil, ⁷UNIFESP, Fortaleza, Brazil, ⁸Univ.e Federal do Ceara, Fortaleza, Brazil, ⁹Univ.e de Sao Paulo, Sao Paulo, Brazil, ¹⁰Saúde Materno Infantil, Federal Univ. of Ceara, Fortaleza, Brazil.

222

IN HER OWN WORDS: BARRIERS TO ENROLLMENT INTO SURGICAL TRIALS BY SOCIALLY DISADVANTAGED WOMEN: A PRELIMINARY STUDY

D. H. AKINGBA¹, S. ROSE², K. ROARK³;

¹Urogynecology, Wayne State, Detroit, MI, ²OB/GYN, IUPUI, Indianapolis, IN, ³Sociology, Purdue Univ., Lafayette, IN.

223

IMPACT OF PELVIC ORGAN PROLAPSE ON THE SIZE OF UROGENITAL HIATUS - A COMPARATIVE STUDY OF WOMEN WITH AND WITHOUT PROLAPSE

B. PURWAR¹, R. CARTWRIGHT², A. A. FORD³, R. BRAY⁴, N. VEIT-RUBIN², A. DIGESU⁵, R. FERNANDO⁶, V. KHULLAR²;

¹Imperial Coll. Hosp. NHS Trust, London, United Kingdom, ²Imperial Coll. London, London, United Kingdom, ³St. Marys Hosp., London, United Kingdom, ⁴St Marys Hosp., London, United Kingdom, ⁵Imperial Coll. NHS Trust, London, United Kingdom, ⁶Imperial Coll. Hlth.care NHS Trust, London, United Kingdom.

224

PREVALENCE OF URINARY INCONTINENCE IN YOUNG CHILEAN WOMEN

H. CASTRO, F. ROZAS, G. MARTINEZ, M. F. SOTO, C. MANRIQUEZ;

Departamento de Obstetricia y Ginecologia, Univ. de Concepcion, Concepcion, Chile.

225

PERFECT SCHEME FOR PELVIC FLOOR FUNCTION EVALUATION AND QUALITY OF LIFE IN POST MENOPAUSE WOMEN

I. FROTA¹, A. B. ROCHA², J. M. HADDAD³, T. F. MAGALHAES⁴, S. A. KARBAGE⁵, K. L. AUGUSTO⁶, A. P. BILHAR⁷, S. L. DO NASCIMENTO⁸, **L. S. BEZERRA⁹**;

¹Hosp. geral de fortaleza, Fortaleza, ²Univ.e de São Paulo, Fortaleza, Brazil, ³Univ.e de Sao Paulo, Sao Paulo, Brazil, ⁴Univ.e Federal do Ceara, Fortaleza, Brazil, ⁵Univ.e Federal do Cear , Fortaleza - Ceara, Brazil, ⁶Laparoscopy and Minimally invasive surgery, Maternidade Escola Assis Chateaubriand, Fortaleza, Brazil, ⁷UNIFESP, Fortaleza, Brazil, ⁸Univ.e Federal do Cear , Fortaleza, Brazil, ⁹Sa de Materno Infantil, Federal Univ. of Ceara, Fortaleza, Brazil.

226

CORRELATION BETWEEN SYMPTOM SEVERITY AND BOTHER IN WOMEN WITH LOWER URINARY TRACT SYMPTOMS

A. L. O'BOYLE¹, Z. M. HIRSCH², L. J. POLICASTRO³, J. G. BLAIVAS⁴;

¹Urology, Walter Reed Bethesda, BETHESDA, MD, ²Inst. for Bladder and Prostate Res., New York, NY, ³SUNY Downstate Med. Sch., Brooklyn, NY, ⁴Urology, SUNY Downstate Med. Sch., Brooklyn, NY.

227

ARE FEMALE ADOLESCENTS INFORMED ABOUT AND INTERESTED IN THE PELVIC FLOOR?

H. NEELS¹, W. A. TJALMA², S. DE WACHTER³, J. WYNDAELE⁴, A. VERMANDEL⁵;

¹Faculty of Medicin and Health Sciences, Univ. of Antwerp, Wilrijk, Belgium, ²Faculty of Medicin and Health Sciences, Antwerp Univ. Hosp. - Univ. of Antwerp, Edegem, Belgium, ³Faculty of Medicin and Health Sciences,

Antwerp Univ. Hosp. - Univ. of Antwerp, Edegem, Belgium, ⁴Univ. of Antwerp, Edegem, Belgium, ⁵Faculty of Medicin and Health Sciences, Antwerp Univ. Hosp. - Univ. of Antwerp, Wilrijk, Belgium.

01:00 p.m. - 01:30 p.m.

E-Poster Session 4 - Basic Science + Surgical Education + Voiding Dysfunction

Location: East Exhibition Hall B

Moderators: Vivian Aguilar (USA) & Oliver Daly (Australia)

228

EXPRESSION OF HEPARANASE IN UTEROSACRAL LIGAMENTS OF WOMEN WITH OR WITHOUT UTERINE PROLAPSE

M. BEN ZVI¹, L. SCHREIBER², R. SAGIV¹, J. BAR¹, S. GINATH¹;

¹Obstetrics and Gynecology, Wolfson Med. Ctr., Sackler Faculty of Med., Tel Aviv Univ., Holon, Israel, ²Pathology, Wolfson Med. Ctr., Holon, Israel.

229

USING PRACTICAL AND DYNAMIC MODELS TO TEACH AND PRACTICE PELVIC ORGAN PROLAPSE QUANTIFICATION (POP-Q) EXAM TO RESIDENTS OF GYNECOLOGY

R. B. LIRAZAN, J. AGUINALDO, L. T. PRODIGALIDAD;

Univ. of The Philippines - Philippine Gen. Hosp., Manila, Philippines.

230

THE INFLUENCE OF DULOXETINE ON DETRUSOR OVERACTIVITY INDUCED BY DEPRESSION

A. A. WROBEL¹, E. RECHBERGER², **T. RECHBERGER³**, K. A. SKORUPSKA⁴, P. MIOTLA⁵;

¹2nd Gyneacology Department, Med. Univ. in Lublin, Lublin, Poland, ²Med. Univ. of lublin, lublin, Poland, ³II Dept. of Gynecology Med. Univ., Lublin, Poland, ⁴2nd Dept. of Gynecology UM in Lublin, Lublin, Poland, ⁵2nd Dept. of Gynecology, Med. Univ., Lublin, Poland.

231

MONOCYTE CHEMOTACTIC PROTEIN-1 (MCP-1) URINARY LEVEL IN PATIENTS WITH OVERACTIVE BLADDER (OAB) BEFORE AND AFTER TREATMENT: PILOT PROSPECTIVE STUDY

C. J. PALMER¹, B. FARHAN², A. AHMED¹, K. BETTIR¹, G. GHONIEM³;

¹Urology, Univ. of California Irvine, Orange, CA, ²Urology, Univ. Of California, Irvine, Orange, CA, ³Univ. of California, Irvine, Orange, CA.

232

MANUAL AND AUTOMATIC 3D SEGMENTATION OF THE PUBIC PART OF THE LEVATOR ANI MUSCLE IN ULTRASOUND IMAGES

F. VAN DEN NOORT¹, A. T. GROB², M. VAN STRALEN³, C. H. SLUMP¹, C. VAN DER VAART²;

¹MIRA Institute for Biomedical Technology and Technical Medicine, Univ. of Twente, Enschede, Netherlands, ²Department of Reproductive Medicine and Gynaecology, Univ. Med. Ctr. Utrecht, Utrecht, Netherlands, ³Image Division, Univ. Med. Ctr. Utrecht, Utrecht, Netherlands.

233

PATIENTS' CONCERNS ABOUT VAGINAL MESH IN PELVIC RECONSTRUCTIVE SURGERY

A. L. LI, P. E. LEE;

Department of Obstetrics and Gynecology, Sunnybrook Hlth.Sci. Ctr., Toronto, Canada.

234

THE EFFECT OF A CONCOMITANT PERINEAL BODY REPAIR AT THE TIME OF A POSTERIOR VAGINAL REPAIR: DOES IT PROVIDE A SUPERIOR CLINICAL OUTCOME?

E. W. HENN;

Dept. Obstetrics & Gynaecology, Bloemfontein, South Africa.

235

IMPROVING DOCUMENTATION OF OBSTETRICAL ANAL SPHINCTER INJURIES (OASIS) USING A STANDARDIZED ELECTRONIC TEMPLATE AT TWO UNIVERSITY AFFILIATED INSTITUTIONS

P. CHISHOLM, C. KILPATRICK, L. SWAIM, A. SELLNER, F. J. OREJUOLA;

Obstetrics and Gynecology, Baylor Coll. of Med., Houston, TX.

236

EARLY MIDURETHRAL SLING LOOSENING IN PATIENTS WITH POSTOPERATIVE VOIDING DYSFUNCTION

E. P. UBERTAZZI¹, C. I. SANDOR², L. I. PAVAN³, C. FONSECA⁴, R. PEREZ⁴, V. MONTUOSO⁵, M. N. NAPOLI⁵;

¹GYNECOLOGY, Hosp. Italiano de Buenos Aires, Buenos Aires, Argentina, ²Hosp. Italiano, Buenos Aires, Argentina, ³Hosp. Italiano de Buenos Aires, Buenos Aires, Argentina, ⁴Hosp. Italiano de Buenos Aires, Buenos Aires, Argentina, ⁵Hosp. italiano de buenos aires, buenos aires, Argentina.

101

IS TYPE OF RECTOVAGINAL SEPTUM DEFECT ASSOCIATED WITH THE SEVERITY OF POSTERIOR COMPARTMENT PROLAPSE? A 2D AND 3D ENDOVAGINAL ULTRASOUND ASSESSMENT

A. HEGDE¹, N. CHANDRASEKARAN², V. AGUILAR³, G. DAVILA²;

¹CENTER FOR UROGYNECOLOGY AND PELVIC HEALTH (C.U.P), NEW DELHI, India, ²Cleveland Clinic Florida, Weston, FL, ³UTSW at Austin, Austin, TX.

102

EFFICACY AND SAFETY BETWEEN ABDOMINAL SACROCOLPOPEXY AND BILATERAL VAGINAL SACROSPINOUS FIXATION USING A POLYVINYLIDENE FLUORIDE MESH (DYNAMESH): AN INTERIM ANALYSIS OF A RANDOMIZED CONTROLLED TRIAL

E. B. DE CASTRO, L. BRITO, M. V. ROSIQUE, T. A. GOMES, F. RANZANI, C. R. TEATIN-JULIATO;

Gynecology and Obstetrics, Univ. of Campinas, Campinas, Brazil.

103

TRENDS IN PELVIC ORGAN PROLAPSE MANAGEMENT IN LATIN AMERICA

M. PLATA¹, D. ROBLEDO¹, A. BRAVO-BALADO¹, J. C. CASTAÑO², M. AVERBECK³, M. PLATA⁴, J. G. CATAÑO⁵, J. I. CAICEDO¹, C. G. TRUJILLO¹;

¹Dept. of Urology, Hosp. Univ.rio Fundación Santa Fe de Bogotá and Univ. de los Andes Sch. of Med., Bogotá, Colombia, ²Dept. of Urology, Clínica Univ.ria CES, Univ. CES and Pontificia Univ. Bolivariana, Medellín, Colombia, ³Dept. of Urology, Mãe de Deus Ctr. Hosp., Porto Alegre, Brazil, ⁴Dept. of Gynecology, Obstetrics and Human Reproduction, Hosp. Univ.rio Fundación Santa Fe de Bogotá and Univ. de los Andes Sch. of Med., Bogotá, Colombia, ⁵Dept. of Urology, Hosp. Univ.rio Fundación Santa Fe de Bogotá, Bogotá, Colombia.

104

ABDOMINAL VERSUS LAPAROSCOPIC SACROCOLPOPEXY; A SYSTEMATIC REVIEW AND META-ANALYSIS.

P. C. CAMPBELL, L. CLONEY, S. JHA;

Sheffield Teaching Hosp., Sheffield, United Kingdom.

105

EFFECTIVENESS OF 9 YEARS' FOLLOW-UP OF TRANSVAGINAL HIGH UTEROSACRAL LIGAMENT SUSPENSION FOR ADVANCED PELVIC ORGAN PROLAPSE

Y. LU;

Department of Obstetrics and Gynecology, First Affiliated Hosp., Gen. Hosp. of Peo, Beijing, China.

02:00 p.m. - 03:00 p.m.

Oral Poster Session 1 - Prolapse

Location: East Exhibition Hall A

Moderators: Jack Pardo (Chile) &

Olanrewaju Sorinola (United Kingdom)

155

A NATIONAL POPULATION-BASED SURVEY OF THE PREVALENCE, POTENTIAL RISK FACTORS & SYMPTOM-SPECIFIC BOTHER IN SYMPTOMATIC PELVIC ORGAN PROLAPSE IN ADULT CHINESE WOMEN

L. ZHU;

Department of Obstetrics and Gynecology, Peking Union Med. Coll. Hosp., BeiJing, China.

02:40 p.m. - 03:00 p.m.

Mini State of the Art

Applications of Near-infrared Spectroscopy (to evaluate the bladder and pelvic floor)

Andrew Macnab (Canada)

02:00 p.m. - 03:00 p.m.

Video Session 1

Location: East Ballroom B

Moderators: Cathy Flood (Canada) & Catherine Matthews (USA)

056

LET`S GIVE THE PESSARY A TRY?

K. BEZERRA¹, D. M. SABOIA¹, C. VASCONCELOS², M. ORIA³, J. A. VASCONCELOS NETO⁴, **L. S. BEZERRA⁵**, T. MAGALHAES⁶;

¹NURSE DEPARTMENT, Federal Univ. of Ceara, Fortaleza, Brazil, ²Univ.e Federal do Ceará, Fortaleza, Brazil, ³NURSE DEPARTMENT, FEDERAL Univ. OF CEARA, Fortaleza, Brazil, ⁴Hosp. Geral de Fortaleza, Fortaleza, Brazil, ⁵Saúde Materno Infantil, Federal Univ. of Ceara, Fortaleza, Brazil, ⁶Univ.e Federal do Ceara, Fortaleza, Brazil.

057

STEP-BY-STEP TRANS-VAGINAL VESICOVAGINAL FISTULA REPAIR - A SURGICAL TEACHING TOOL

F. G. GOULD¹, M. CAREY², **S. AL-SALIHI³**;

¹Royal Women's Hosp., Melbourne, Melbourne, Australia, ²Royal Womens Hosp., Parkville, Victoria, Australia, ³Urogynaecology, The Royal Women's Hosp., Melbourne, Australia.

058

CONCOMITANT SINGLE SHEET LAPAROSCOPIC VENTRAL MESH RECTOPEXY AND SACROCOLPOPEXY FOR COMBINED FULL THICKNESS RECTAL PROLAPSE AND UTEROVAGINAL PROLAPSE

J. R. LOGANATHAN¹, M. LIU², S. GURJAR², A. FAYYAD³;

¹Obstetrics and Gynaecology, Luton and Dunstable Univ. Hosp. NHS Trust, Luton, United Kingdom, ²Colorectal Surgery, Luton and Dunstable Univ. Hosp. NHS Trust, Luton, United Kingdom, ³Luton and Dunstable Univ. Hosp. NHS Trust, Luton, United Kingdom.

060

SACROCOLPOPEXY OF A SIGMOID NEOVAGINA

I. FAEHNLE, C. CHRISTMANN;

Frauenklinik Luzern, Lucerne, Switzerland.

061

EXTRAVESICAL LAPAROSCOPY REPAIR OF VESICOVAGINAL FISTULA.

J. MASATA¹, K. SVABIK², L. ZAMECNIK³, A. MARTAN⁴;

¹Obstet. Gynecol. Dpt., GUH and Charles Univ., Prague, Czech Republic, ²Charles Univ. in Prague, Gen. Univ. H, Prague, Czech Republic, ³Urology Dpt., GUH and Charles Univ., Prague, Czech Republic, ⁴Dpt. of Obstet. and Gynecol., 1st Faculty of Med., Prague, Czech Republic.

02:00 p.m. - 03:00 p.m.

Oral Poster Session 2 - Basic Science

Location: East Ballroom A

Moderators: Alex Digesu (United Kingdom) & Stephen Jeffery (South Africa)

02:00 p.m. - 02:20 p.m.

Mini State of the Art

Vaccine for UTI

Philip Tooze-Hobson (United Kingdom)

108

VAGINAL EXPOSURES CONNECTED TO REGIONAL MICROBIOMES: UNDERSTANDING FOREIGN BODY REACTIONS TO MESH IMPLANTATION

C. ELWOOD¹, E. PARK², N. A. KOENIG³, G. W. CUNDIFF³, J. HILL⁴, R. GEOFFRION³, D. MONEY¹, **D. LANGE²**;

¹OBSTETRICS AND GYNECOLOGY, Univ. of British Columbia, Vancouver, Canada, ²Urology, Univ. of British Columbia, Vancouver, Canada, ³Univ. of British Columbia, Vancouver, Canada, ⁴Veterinary Microbiology, Univ. of Saskatchewan, Saskatoon, Canada.

110

RHO KINASE INHIBITION AMELIORATES CYCLOPHOSPHAMIDE- INDUCED CYSTITIS IN RATS

A. A. WROBEL¹, E. RECHBERGER², **T. RECHBERGER³**, K. A. SKORUPSKA⁴, P. MIOTLA⁵;

¹Med. Univ., Lublin, Poland, ²Med. Univ. of lublin, lublin, Poland, ³II Dept. of Gynecology Med. Univ., Lublin, Poland, ⁴2nd Dept. of Gynecology UM in Lublin, Lublin, Poland, ⁵2nd Dept. of Gynecology, Med. Univ., Lublin, Poland.

111

DISSECTING OF THE PARAVESICAL SPACE IN PELVIC SURGERY WOULD RESULT IN LOWER URINARY TRACT DYSFUNCTION - A RAT MODEL

T. LO¹, Y. LIN², M. UY-PATRIMONIO³, W. HSIEH⁴;

¹Chang Gung Mem. Hosp., Keelung, Taiwan, ²Obstetrics and gynecology, Chang Gung Mem. Hosp., Tao-Yuan, Taiwan, ³Dr. Pablo O. Torre Mem. Hosp., Talisay City, Philippines, ⁴Chang Gung Mem. Hosp., Tao-Yuan Hsien,, Taiwan.

112

DATA INTERPRETATION FOR VAGINAL TACTILE IMAGING

V. R. LUCENTE¹, H. VAN RAALTE², M. MURPHY³, V. EGOROV⁴;

¹The Inst. for Female Pelvic Med. & Reconst, Allentown, PA, ²Princeton Urogynecology, Princeton, NJ, ³IFPM&RS, North Wales, PA, ⁴Artann Lab., Trenton, NJ.

03:00 p.m. - 04:00 p.m.

Roundtable: Under the Microscope: A Closer Look at

Vaginal & Urinary Microbiome

Location: East Exhibition Hall A

Moderators: Danny Lovatis (Canada) & Dudley Robinson (United Kingdom)

Microbiology Update

Alan Wolfe (USA)

Urinary Microbiome

Linda Brubaker (USA)

Vaginal Microbiome

Deborah Money (Canada)

04:00 p.m. - 04:30 p.m.

Coffee Break

Location: East Exhibition Hall B

04:30 p.m. - 05:30 p.m.

Oral Poster Session 3 - Incontinence Assessment

Location: East Exhibition Hall A

Moderators: Linda Cardozo (United Kingdom) & Oliver Daly (Australia)

113

DEVELOPMENT AND VALIDATION OF THE FEMALE VISUAL SYMPTOM SCORE FOR LOWER URINARY TRACT SYMPTOMS AND INCONTINENCE

C. A. LOVATT¹, L. STOTHERS², A. MACNAB²;

¹MD undergraduate Program, Univ. of British Columbia, Vancouver, Canada, ²Univ. of British Columbia, Vancouver, Canada.

114

A MULTICENTRE STUDY OF ETHNICITY AND DIAGNOSIS OF URINARY INCONTINENCE

G. THIAGAMOORTHY¹, R. BRAY², J. E. HUNTER¹, G. ARAKLITIS³, I. GIARENIS⁴, L. CARDOZO¹, D. ROBINSON¹, V. KHULLAR⁵;

¹King's Coll. Hosp., London, United Kingdom, ²St Marys Hosp., London, United Kingdom, ³Kings Coll. Hosp., London, United Kingdom, ⁴Norfolk and Norwich Univ. Hosp., Norwich, United Kingdom, ⁵Imperial Coll. London, London, United Kingdom.

115

NOCTURNAL ENURESIS - PREVALENCE AND ASSOCIATED LUTS IN ADULT WOMEN ATTENDING A UROGYNACOLOGY CLINIC.

P. C. CAMPBELL¹, W. LI², J. E. MONEY-TAYLOR², J. DAVIES¹, T. G. GRAY¹, S. C. RADLEY¹;

¹Sheffield Teaching Hosp., Sheffield, United Kingdom, ²University of Sheffield, Sheffield Teaching Hosp., Sheffield, United Kingdom.

116

PRESENCE OF BACTERIURIA AND UROPATHOGENIC BACTERIAL PROFILE ARE ASSOCIATED WITH URINARY TRACT SYMPTOMS IN PATIENTS PRESENTING FOR UROGYNECOLOGIC EVALUATION

A. PEACHER-SEANEY¹, A. B. WHITE², M. RIEGER³, V. AGUILAR⁴;

¹Icahn Sch. of Med. at Mount Sinai, New York, NY, ²Univ. of Texas at Austin, Austin, TX, ³Dell Med. Sch. at the Univ. of Texas at Austin, TX, ⁴UTSW at Austin, Austin, TX.

117

SONOGRAPHIC EVIDENCE OF INCREASED OUTFLOW RESISTANCE AFTER SLING SURGERY

L. WEN¹, K. SHEK², N. SUBRAMANIAM¹, T. FRIEDMAN¹, H. DIETZ¹;

¹Sydney Med. Sch. Nepean, Sydney, Australia, ²Western Sydney Univ., Sydney, Australia.

118

OVERACTIVE BLADDER AND BLADDER PAIN SYNDROME; PAIN OF THE SAME SPECTRUM?

A. A. FORD¹, R. BRAY², V. ASFOUR³, R. FERNANDO⁴, A. DIGESU⁵, V. KHULLAR⁶;

¹St. Marys Hosp., London, United Kingdom, ²St Marys Hosp., London, United Kingdom, ³Imperial Hlth.care trust, London, United Kingdom, ⁴Imperial Coll. Hlth.care NHS Trust, London, United Kingdom, ⁵Imperial Coll. NHS Trust, London, United Kingdom, ⁶Imperial Coll. London, London, United Kingdom.

119

CLINICAL SIGNIFICANCE OF FEMALE URETHRAL LENGTH IN STRESS URINARY INCONTINENCE

M. KIM, Y. SHIN;

Dept. of Urology, Jeonju, Korea, Republic of.

05:10 p.m. - 05:20 p.m.

ICS Lecture

ICI Update: Surgery for Urinary Incontinence in Women

Peter Sand (USA)

05:20 p.m. - 05:30 p.m.

ICS Lecture

ICI Update: Pelvic Organ Prolapse Surgery

Chris Maher (Australia)

04:30 p.m. - 05:30 p.m.

Oral Poster Session 4 - Imaging and Anatomy

Location: East Ballroom B

Moderators: Queena Chou (Canada) & Aparna Hegde (India)

120

DOES THE 7TH SLICE MATTER?

N. SUBRAMANIAM, H. DIETZ;

Obstetrics and Gynaecology, Sydney Med. Sch. Nepean, Univ. of Sydney, Penrith, Australia.

126

MRI COMPARISON OF FEMALE PELVIC FLOOR STRUCTURES BETWEEN NULLIPARAS AND PATIENTS WITH ELECTIVE CAESAREAN SECTION

M. KRČMAR¹, L. KROFTA², J. FEYEREISL³, I. URBANKOVA⁴, K. GROHREGIN⁵;

¹urogynecology, Inst. for the care of mother and child, Prague 4, Czech Republic, ²Inst. for the care of mother and child, Prague, Czech Republic, ³Inst. for the care of mother and child, Prague 4, Czech Republic, ⁴KU Leuven, Leuven, Belgium, ⁵Inst. for the Care of Mother and Child, Prague, Czech Republic.

122

ANAL SPINCHTER IMAGING: AT REST OR ON PFMIC?

N. SUBRAMANIAM, H. DIETZ;

Sydney Med. Sch. Nepean, Sydney, Australia.

123

KINEMATIC PROFILES OF URETHRAL MORPHOLOGY VERSUS MOBILITY DURING PELVIC FLOOR MUSCLE MAXIMUM VOLUNTARY CONTRACTIONS

C. S. CZYRNYJ¹, L. B. MCLEAN²;

¹Mechanical Engineering, Univ. of Ottawa, Ottawa, Canada, ²Univ. of Ottawa, Ottawa, Canada.

124

CORRELATION BETWEEN SLING SURGERY OUTCOME AND ULTRASOUND MEASUREMENTS OF SLING POSITION

P. HUBKA¹, J. MASATA², A. MARTAN³, K. SVABIK⁴;

¹Dpt. Obstetrics and Gynecology, 1st Faculty of Med. and Gen. Univ. Hos, Prague, Czech Republic, ²Obstet. Gynecol. Dpt., GUH and Charles Univ., Prague, Czech Republic, ³Dpt. of Obstet. and Gynecol., 1st Faculty of Med., Prague, Czech Republic, ⁴Charles Univ. in Prague, Gen. Univ. H, Prague, Czech Republic.

125

RELATIONSHIP BETWEEN 3D TRANSPERINEAL ULTRASOUND IMAGING AND DIGITAL INTRA-VAGINAL PALPATION ASSESSMENTS OF THE PELVIC FLOOR MUSCLES

S. THIBAUT-GAGNON¹, L. B. MCLEAN², C. GOLDFINGER¹, C. PUKALL¹, S. CHAMBERLAIN¹;

¹Queen's Univ., Kingston, Canada, ²Univ. of Ottawa, Ottawa, Canada.

121

HOW REPEATABLE IS SPHINCTER IMAGING BY EXO-ANAL 4D ULTRASOUND?

N. SUBRAMANIAM, J. BIENKIEWICZ, T. FRIEDMAN, F. TUREL, H. DIETZ;

Sydney Med. Sch. Nepean, Sydney, Australia.

127

THE IMPACT OF AGEING AND GENETIC PREDISPOSITION ON PELVIC FLOOR DISORDERS. ANATOMIC AND HISTOLOGIC CONSIDERATIONS

H. V. GEELEN;

none, CWZ, nijmegen, Netherlands.

128

PELVIS AND PELVIC FLOOR MORPHOLOGY OF HEALTHY NULLIPAROUS WOMEN ON MRI

O. GOJIS¹, L. KROFTA¹, I. URBANKOVA², M. KRČMAR³, F. JAROSLAV¹;

¹Dep. of Urogynecology, The institute for the care of mother and and child, Prague 4, Czech Republic, ²KU Leuven, Leuven, Belgium, ³urogynecology, Inst. for the care of mother and child, Prague 4, Czech Republic.

04:30 p.m. - 05:30 p.m.

Oral Poster Session 5 - Laparoscopic and Incontinence

Treatment

Location: East Ballroom A

Moderators: Joseph Lee (Australia) & Yik Lim (Australia)

04:30 p.m. - 04:50 p.m.

Mini State of the Art

The Evolution of Minimally Invasive Abdominal Sacrocolpopexy?

Bruno Deval (France)

129

LAPAROSCOPIC SACROCOLPOPEXY WITH OR WITHOUT MIDURETHRAL SLING INSERTION: ONE OR TWO STEP APPROACH? A PROSPECTIVE STUDY

C. CHRISTMANN, E. BRUEHLMANN;

Frauenklinik Luzern, Lucerne, Switzerland.

130

RISK FACTORS FOR POLYPROPYLENE MIDURETHRAL SLING EXTRUSION: A CASE-CONTROL STUDY

D. SANDERSON¹, S. MALCZEWSKI², R. SANDERSON³, A. EDDIB²;

¹Millard Fillmore Suburban Hosp., Williamsville, NY, ²Western New York Urology Associates, Cheektowaga, NY, ³Brescia Univ., Owensboro, KY.

131

A TRIAL OF SURGICAL TRAINING SYSTEM FOR LAPAROSCOPIC SACRAL COLPOPEXY

M. TAKEYAMA, T. KUWATA, C. KATO;

Urogynecology center, First Towakai Hosp., Takatsuki city, Japan.

132

FACTORS PREDICTING FAILURE OF MID-URETHRAL SLING SURGERY

Z. NG, H. HAN;

Department of Urogynaecology, KK Women's and Children's Hosp., Singapore, Singapore.

133

THE ROLE OF STEROID HORMONES IN FEMALES WITH STRESS URINARY INCONTINENCE

B. BODNER-ADLER¹, K. HALPERN¹, H. HUSSLEIN¹, R. LATERZA¹, E. HANZAL¹, H. KOELBL¹, W. UMEK²;

¹General Gynecology and Gynecologic Oncology, Womens Hlth.Inst., Med. Univ. of Vienna, Vienna, Austria, ²General Gynecology and Gynecologic

Oncology, Womens Hlth.Inst., Med. Univ. Vienna, Vienna, Austria.

134

MINIARC MONARC SUBURETHRAL SLING IN WOMEN WITH STRESS URINARY INCONTINENCE - AN RCT - 60M FOLLOW UP
